However, he overcame his physical challenges through exercise and a rigorous outdoor lifestyle. He attended Harvard College and Columbia Law School, but left both institutions before graduating to pursue a career in politics.

Political Career

In 1901, Roosevelt became President of the United States after the assassination of William McKinley. He was 42 years old, making him the youngest man to ever hold the office. As President, Roosevelt continued to push for progressive reforms, including the creation of the National Park Service and the passage of the Pure Food and Drug Act. He also played a key role in the construction of the Panama Canal and the settlement of the Russo-Japanese War.
