

The Machines of War: Part Two of the Avery Cates Novel

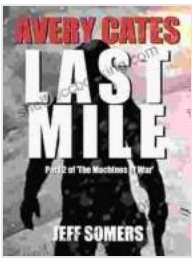

Synopsis

In the aftermath of the devastating events of *The Killing Machine*, Avery Cates is still struggling to come to terms with what she has become. She is

now a cyborg, with superhuman strength and speed, and she is haunted by the memories of the people she has killed.

But Avery is not the only one who has changed. The world has changed, too. The war between the United States and China has escalated into a global conflict, and the machines of war are now more powerful and deadly than ever before.
