

# The Necessary Skills for Argument: Sharpen Your Communication, Persuasion, and Critical Thinking Abilities

In today's world, the ability to argue effectively is more important than ever. Whether you're trying to persuade a friend, convince a colleague, or defend your beliefs in a public forum, being able to make a strong argument can help you achieve your goals.

Unfortunately, many people don't have the necessary skills for argument. They may not be able to clearly articulate their points, they may not be able to back up their claims with evidence, or they may not be able to handle opposing viewpoints in a respectful and productive way.

## The Necessary Skills For Argument: Methodical Breakdowns Of The Logical Fallacies by Johnnie Gentle

This book will teach you the necessary skills for argument. You'll learn how to:

- Develop clear and concise arguments
- Gather and use evidence to support your claims
- Handle opposing viewpoints in a respectful and productive way
- Identify and avoid logical fallacies
- Apply your argument skills in a variety of contexts

## **What You'll Learn in This Book**

This book is divided into three parts:

### **1. Part 1: The Basics of Argument**

In this part, you'll learn the basic principles of argument, including what an argument is, how to identify different types of arguments, and how to construct a valid argument.

### **1. Part 2: Argumentation Skills**

In this part, you'll develop the skills you need to make effective arguments, including how to gather and use evidence, how to handle opposing viewpoints, and how to identify and avoid logical fallacies.

### **1. Part 3: Applying Argument Skills**

In this part, you'll learn how to apply your argument skills in a variety of contexts, including everyday conversations, academic debates, and professional presentations.

## **Who This Book Is For**

This book is for anyone who wants to improve their communication, persuasion, and critical thinking abilities. It is especially useful for students, professionals, and anyone else who regularly engages in argumentation.

## About the Author

The author of this book is a professor of communication at a major university. He has over 20 years of experience teaching argumentation and has published numerous articles and books on the subject.

The ability to argue effectively is a valuable skill that can help you achieve your goals. This book will teach you the necessary skills for argument, so you can communicate your ideas clearly, persuade others to your point of view, and defend your beliefs in a respectful and productive way.
