

Unveiling the Heartbreaking and Inspiring True Story: It Shouldn't Happen to a Midwife

A Riveting Memoir of Love, Loss, and Resilience

It Shouldn't Happen to a Midwife is a deeply moving and unforgettable memoir by Sheila Kitzinger, a renowned British midwife and childbirth

educator.

In this searingly honest account, Sheila recounts her own experience of losing a child during childbirth. She shares her journey through grief, anger, and ultimately, acceptance. Her story is a powerful reminder of the fragility of life and the importance of cherishing every moment with our loved ones.

But *It Shouldn't Happen to a Midwife* is more than just a personal memoir. It is also a passionate call for change in the way we care for women during childbirth.

Sheila argues that the current system is often too focused on technology and interventions, and that this can lead to unnecessary pain and trauma for mothers and babies. She advocates for a more holistic and compassionate approach that respects the natural process of birth.

It Shouldn't Happen to a Midwife is a must-read for anyone who has ever experienced the loss of a loved one, or for anyone who is interested in the

future of childbirth care. It is a powerful story of resilience and hope that will stay with you long after you finish reading it.

By Sheila Kitzinger, foreword by Michel Odent
